# LEVEL 1 ESSENTIALS OF EQUINE DENTISTRY

5 Day Intensive Workshop -  
Introduction to Equine Dentistry  
for Veterinarians

**July 24-28, 2018**

**Come to the best equine veterinary  
dental training workshop on offer!!**

- These workshops have filled up early for the past 5 years, so book early and don't miss out!!!
- We know the art, science and marketing of equine dentistry intimately!
- Having hosted **over 570 equine vets over the past 15 years** at our training workshops, the EVDS teaching team (8 tutors for 26 registrants) is absolutely dedicated to ensure that every vet who attends our **5 day workshop** returns to their practice confident and competent to go out and perform quality routine dentistry – bread and butter work which will return good results and happy clients.
- **Horse owners want high quality dentistry at affordable prices** for their horses and we can teach you how to deliver it!
- We have a great mix of lectures, dry labs, cadaver pracs and live horses.
- This proven combination and sequence of lectures and pracs allows your knowledge and confidence to grow over the 5 days, and this reinforced **knowledge and new skills WILL stay with you.**
- The **last 2 days are entirely on live horses** where you are **GUARANTEED** to use different sedation protocols, systematically examine 10-14 live horse mouths, perform nerve blocks, extract wolf teeth, do performance floats using hand tools and power floats, perform “bit seats”, complete dental charts, communicate and explain pathology to the owners - who will appreciate your efforts and attendance at the workshop.
- We hope you can join us and guarantee you will have a **great time!**

Completing **Level 1 Essentials** satisfies the enrolment criteria to attend **Level 2 Intermediate**

**5 DAY INTRO WORKSHOP**  
**July 24-28, 2018** (Tues to Sat)

Registration fee: \$5,500 incl. GST

*Includes notes, lunch, morning and afternoon teas.*

## Real Testimonials from Our Participants

*"Best by far - progression level from theory to practical was excellent and unlike many courses, not patronising. Tutor availability great and very helpful. Good sense of humor!"*

*"Thanks for showing me an alternative to leaving this profession, as it shows equine dentistry can allow me to manage my role as a parent and a vet."*

*"Excellent - This is a brilliant course which has taken me from not wanting to touch a PowerFloat to being comfortable using one, and even better, understanding what I am doing and why! I thoroughly recommend it to other vets!"*

*"Excellent exposure to basic and advanced equine dentistry. It is good to see that everybody is enthusiastic about teaching vets how to do dentistry the right way and not the 'lay' way."*

*"A fantastic course, will not find better value for money. Be prepared for long days but only way to get so much information and practical experience. Has certainly inspired me to go out and expand my dental practice knowing I can provide a great quality service."*

*"Highly recommend this course to anyone starting dentals or needing to refresh. Should be mandatory prior to performing equine dentals!"*
