

Bring your old PowerFloat into the future

If you are considering upgrading to a 20 V Quick Connect PowerFloat, so you can interchange shafts within seconds, but are too “bonded” to your old 14 V PowerFloat...

WE CAN CONVERT IT to a Quick Connect System!

Expert Conversions within 2-7 days!

EVDS PowerFloat Technician Chris Spry can **convert your old PowerFloat to a Quick Connect System within 2-7 days**, and send it back with **a brand NEW Quick Connect Shaft with flat disk**.

Give your old PowerFloat a **new lease of life!**
Phone Chris direct on **0437 721 006**
for more information.

Should you want a Chamfer Burr shaft as well, your dentals will become even faster and better too!

This way, when your 14 V drill eventually dies for good, we will be able to supply you with a new 20 V lithium ion PF QC drill unit, and you will be fully up to date with the latest technology.

Book it in!

Call EVDS now on **02 66 424 700**
or email us at **vets@evds.net.au**
