

LEVEL 2 INTERMEDIATE Equine Dentistry

May 8-11, 2018

FOUR DAYS at EVDS, Grafton NSW

Completing Level 2 Intermediate satisfies the enrolment criteria to attend **Level 3 Advanced**

"Best ever! Very well prepared."

– Janine Dwyer

"Perfect balance of formal/didactic lectures and practical demonstrations. Great opportunity to network with others. Great comradery amongst participants and teachers."

– Greg Ireland

"Great course! Very relevant to keep on keeping on."

– Jenni Petersen

- Have you already attended our introductory 5 day, Level 1 Essentials of Equine Dentistry course, and now have done enough mouths, that you have more questions than answers?
- Are you enjoying the challenge and satisfaction of helping horses' lives through equine dentistry, and want to go to the next level?
- Are you ready to learn how to confidently treat the more complicated cases you see, rather than needing to refer them, or even worse, not offering any treatment options for them?
- Are you missing out on lots more work because you are rushing your dentals, and missing pathology and thus not helping the horse or client as much as you should?
- Are you NOT enjoying dentistry because you find it too hard, physically demanding, or you are not confident enough?
- Are you thinking of sitting your Membership Exams in Equine Dentistry at the Australian and New Zealand College of Veterinary Scientists?
- Are you ready to learn the handy tips to make your work so much easier, faster and simpler?
- Do you enjoy learning in small groups where we can assist you at your level?

If you answer yes to any of the above, then the EVDS Level 2 Intermediate Equine Dentistry Workshop is for YOU!

Tutors Prof Gary Wilson, Dr Oliver Liyou and Dr Shannon Lee will enlighten and inspire your confidence and enthusiasm to help you take the step towards total mastery and fulfilment from doing equine dentistry properly.

High quality equine dentistry continues to be embraced by horse owners, world-wide, and appreciated through their willingness to pay for quality work.

The current percentage of horses having their mouths checked thoroughly and regularly is about 20%. This is already a big increase from some years ago which points to a boom in quality equine dentistry. The percentage is rising! Don't miss the boat on getting in on this boom! It is "win-win" between horse, owner and veterinarian, and is the key towards finding better work life balance in equine practice!
