Healthy Horse Dental Party

With Your Equine Dental Vet:
Dr Oliver Liyou

Steps to Having Your Healthy Horse Dental Party:

- 1** Call EVDS office to book a day and date. (Advance bookings are required to accommodate specific dates.) Mondays to Fridays are available now. We can help advertise your party to gain more numbers and thus more discounts.
- 2** EVDS will send out Party Pack containing all the information.
- 3** Host to return completed information forms no later than two weeks prior to the party date. This can be done via Mail, Email or Fax.
- 4** Host to confirm with EVDS 7 working days prior to Booking Date with confirmed number of horses.
Due to the time allocated to your Party a cancellation fee of \$100 will be imposed if you do not cancel one week prior to date of Party. Wet Weather cancellation will be determined by a combined decision by the vet and Host. If a dry shelter can be provided greater than 5m long x 6m wide x 3m high that the trailer can be parked under and the horses can walk in and out of the crush, the day will go ahead. Rescheduling a date will be by mutual agreement of Host and EVDS.
- 5** If location is not at the Host's address, Host is responsible for the approval of location.
- 6** We require payment on the day. We accept Cash, Cheque, and Eftpos OR Credit Card (only if good mobile phone reception). (To save embarrassment on the day please do not ask for an Account or to Direct Deposit, unless you can there and then.)

When you have an EVDS Healthy Horse Dental Party, it's just like a Tupperware party.

You become the host and organise your friends to come over with their horses, have nibbles and drinks while we attend to your horses. If your friends are working, then they can drop off their horses on their way to work, and pick them up after work. We can

take photos of the horse's mouth and text them to the owner on request.

But wait there's more: it's not a party without party games. We will bring party hats, provide some games and prizes.

***“Healthy Horse Dental Parties are
great opportunities to fundraise for your Group”***

“Dental Under Sedation” includes:

- ✓ Your horse will be worked on by one of the two most qualified and well equipped Equine Dental Veterinarians in NSW.
- ✓ Performance float (removal of sharp enamel points), balancing of the mouth and “bit seat” (to maximise comfort when bitted or haltered.)
- ✓ Brief clinical vet Exam over your horse.
- ✓ Dental Chart for owner to keep.
- ✓ Opportunity to ask the vet questions about your horse's health and wellbeing.
- ✓ Horse weighed on digital scales in crush.
