# EVDS

Porta Safe Stocks

## Porta Safe Stocks PATENTED 2002302009

The Porta Safe Stock was designed and manufactured by Dr Oliver Liyou and his brother. It is purpose built to accommodate horses of all sizes and provide an entire portable work station for the veterinarian. No more struggling with horses out in the field wasting valuable time and compromising safety. You will seriously impress your clients and show your point of difference with this tool.

Dental Instruments

## Dental Instruments

EVDS Dental Instruments are of the highest quality stainless steel and are manufactured to Dr Oliver Liyou's specifications. He uses these tools himself every day and has made many innovative design modifications over the years.

## PowerFloat

EVDS is the only Australian stockist of the leading brand "PowerFloat" equine dentistry drills, tools and accessories. If you want to triple your efficiency and quality of work then you need a PowerFloat! We also offer in-house PowerFloat service and repairs with a 7 day turnaround.

## Dental Workshops

EVDS Dental workshops provide vets with an opportunity to combine theory with hands on experience through lectures, dry labs, cadaver pracs and live horses. Having hosted more than 530 equine vets over the past 15 years at our training workshops, the EVDS teaching team (8 tutors for 26 registrants) is absolutely dedicated to ensure that every vet who attends returns to their practice confident and competent to go out and perform quality routine dentistry – bread and butter work which will return good results and happier clients. We offer Introduction (**Level 1**), Intermediate (**Level 2**) and Advanced (**Level 3**) Equine Dentistry courses.

Dental Workshops

## Terafloat

Light-weight perfection - EVDS is the only Australian stockist of the superior light-weight "Terafloat". The Terafloat has all the features a dental float ought to have: it is light weight, battery powered, with a flexible shaft, a rotating head, and interchangeable discs or burrs. It is water resistant, maintenance free, durable and affordable. It represents a new generation of dentistry instruments for routine or advanced procedures. Designed and manufactured in Switzerland.

## Packages

EVDS has a range of packages to suit equine dental vets already working in the industry as well as the newly graduated vet wanting to start out on their own. If you can't find exactly what you are looking for just ask us! We may be able to tailor a package to your individual needs.

# LEVEL 2 INTERMEDIATE Equine Dentistry

## May 8-11, 2018

### FOUR DAYS at EVDS, Grafton NSW

*"Best ever! Very well prepared."*

— Janine Dwyer

*"Perfect balance of formal/didactic lectures and practical demonstrations. Great opportunity to network with others. Great comradery amongst participants and teachers."*

— Greg Ireland

*"Great course! Very relevant to keep on keeping on."*

— Jenni Petersen

- Have you already attended our introductory 5 day, Level 1 Essentials of Equine Dentistry course, and now have done enough mouths, that you have more questions than answers?
- Are you enjoying the challenge and satisfaction of helping horses' lives through equine dentistry, and want to go to the next level?
- Are you ready to learn how to confidently treat the more complicated cases you see, rather than needing to refer them, or even worse, not offering any treatment options for them?
- Are you missing out on lots more work because you are rushing your dentals, and missing pathology and thus not helping the horse or client as much as you should?
- Are you NOT enjoying dentistry because you find it too hard, physically demanding, or you are not confident enough?
- Are you thinking of sitting your Membership Exams in Equine Dentistry at the Australian and New Zealand College of Veterinary Scientists?
- Are you ready to learn the handy tips to make your work so much easier, faster and simpler?
- Do you enjoy learning in small groups where we can assist you at your level?

**If you answer yes to any of the above,  
then the EVDS Level 2 Intermediate  
Equine Dentistry Workshop is for YOU!**

Completing Level 2 Intermediate  
satisfies the enrolment criteria to attend  
**Level 3 Advanced**

Tutors Prof Gary Wilson, Dr Oliver Liyou and Dr Shannon Lee will enlighten and inspire your confidence and enthusiasm to help you take the step towards total mastery and fulfilment from doing equine dentistry properly.

High quality equine dentistry continues to be embraced by horse owners, world-wide, and appreciated through their willingness to pay for quality work.

The current percentage of horses having their mouths checked thoroughly and regularly is about 20%. This is already a big increase from some years ago which points to a boom in quality equine dentistry. The percentage is rising! Don't miss the boat on getting in on this boom! It is "win-win" between horse, owner and veterinarian, and is the key towards finding better work life balance in equine practice!

## LEVEL 2 EQUINE DENTISTRY 4 DAY WORKSHOP May 8-11, 2018

Registration fee: \$5,500 incl. GST

To be held at **Grafton, NSW**
